**FOR IMMEDIATE RELEASE**

**Date: February 7, 2023**

CONCORD, NH – On February 6, 2023, the Concord Police Department, as well as administrators from Rundlett Middle School, became aware of a social media post involving a possible threat at RMS. The social media post and its origination has been investigated and the individuals responsible have been identified. The Concord Police Department has been able to determine that there was no credible threat of any kind.

Every safety precaution has been taken and the Concord School District has requested an additional police presence at RMS out of an abundance of caution. Again, there was never any credible threat.
