

New Hampshire Downloadable Books is a collaboration of more than 200 NH public libraries and the NH State Library. Library patrons from participating public libraries have access to a large collection of digital audiobooks, eBooks, and magazines.

Just like the books borrowed from a physical library collection, these digital titles are borrowed for 7 or 14 days. Waiting lists are common for new materials, but thousands of other titles are available for checkout at any time. Materials are automatically returned to the collection at the end of the lending period and there are never any late fees. Digital magazines are available to everyone without a waiting period.

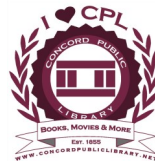

This pamphlet will walk you through how to send books from the NH Downloadable Books to your kindle through CPL's catalog.

eBooks & Your Kindle

**A quick guide to
sending eBooks from
CPL's digital catalog to
your Kindle device.**

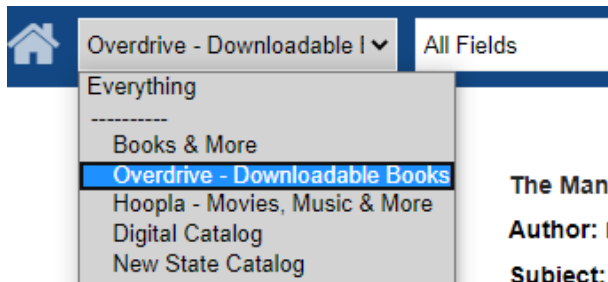

For more information visit our website:

concordpubliclibrary.net

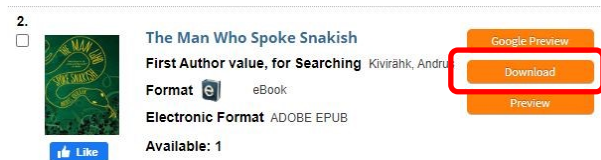

Select Borrowing and then, from the dropdown menu, select eBooks and Downloads.

Getting Started

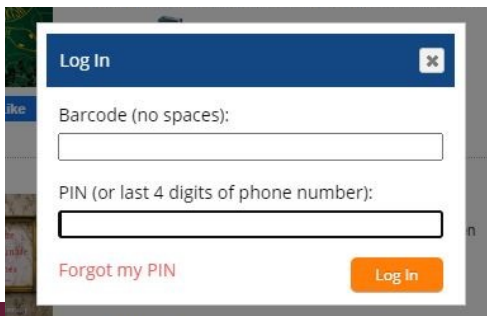

- 1 Visit concordpubliclibrary.net and search the catalog for a title that interests you. To search for just eBooks, select Overdrive from the far left dropdown menu.

- 2 Select an eBook and click Download.

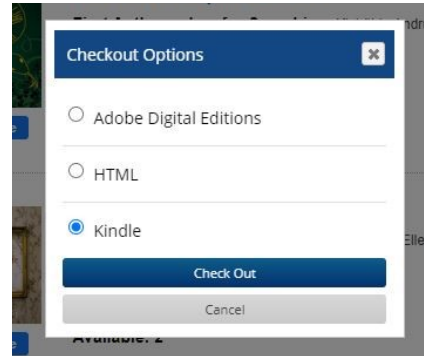

- 3 If you aren't already, log in to your CPL account with your library card number (barcode) and pin.

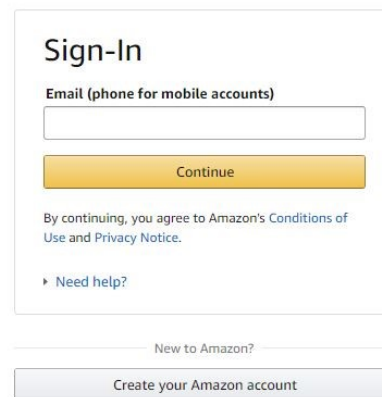

Starting the Transfer

- 4 When prompted, select Kindle as your checkout option and then click Check Out.

- 5 You will then be redirected to amazon.com. If you aren't already, log in to the amazon account connected to your kindle device.

Finishing Up

- 6 Click Get Library Book.

- 7 Choose the device to which you want to send the eBook.

- 8 Your eBook will be sent to your device the next time it syncs!

✓ Thanks,

Your digital library book will be delivered the next time Kindle Cloud Reader syncs to Manage Your Content and Devices. Or you can read on other devices using our [Free Kindle Reading Apps](#).
