Course Update

Cart Barn improvements are moving into place to accommodate electric cars. City Council recently approved funding.

At Council meeting, there was discussion of fees for car ride, single vs double occupancy rides.

Sid explains 10 years ago or more, Council approved single rider rates versus charging a single rider the full fee for two riders. This was in response to customer requests for a reduced fee for single riders. The change was well received and appreciated by golf car users.

Staff has ordered sod to finish repairs to step area on 13 tee. Staff has ordered enough sod to improve beginning of fairway on hole #4

Changes to golf car traffic pattern on hole #'s 3 and 6 are planned. They will be implemented when materials are received

Pro Shop product is arriving

Delivery dates moved up to accommodate early opening

Beaver Meadow is currently the #1 in Callaway Golf Club orders in the NH and Boston regions

Phil attributes this to customer/member loyalty and the club fitting ability afforded by the Golf Simulator

Good selection of warm clothing in place

Simulator made early opening seamless, staff in place

Sim League well received and popular

Course achieved dollar number projected

Kudos to Jess and her staff for Sim success

Membership strong, currently at 165 to 170, ahead of past years at this time

Outing bookings continue

Lost Concord Boys and Girls Club, essentially over \$800
