Councilor Kretovic – abstained as she was not in attendance for the entire meeting.

4. New Business

There was no new business to address.

5. Demolition Review Committee – Jim Spain

Mr. Spain stated that there were no new demolition permits submitted for the month of December.

6. Heritage Sign Program – Carol Brooks

Ms. Brooks stated that no new applications have been submitted and there have been no new inquiries.

7. Planning Board Update – Rich Woodfin

Mr. Woodfin was not present. Ms. Shank stated that there was no new information to report.

8. Council Update – Councilor Kretovic

Councilor Kretovic stated that the City Manager’s Newsletter mentioned the Commission’s search for monuments. She added that the Insider is also posting the request.

Councilor Kretovic shared an update regarding the Gas Holder vestibule, which is to be demolished. She stated that there have been several meetings with members from Liberty Utilities, Chamber of Commerce, Preservation Alliance, and City Councilors. The Committee selected consultants for an outside review and a report is now on the City’s website, which summarizes the costs to secure the building for the structural soundness of the buildings. The Committee is planning to make a recommendation to Council that will include a recommendation to remove the slate roof in order to help preserve the property as the roof was previously damaged in a storm. She added that there has been a great amount of interest from the community with much participation. Additional concerns have been raised due to the alcove entrance as it was in significant disrepair and has since caused further damage to other areas of the building. She noted that historical resources, such as windows, doors, and window frames have been located sitting in the snow. Liberty Utilities has been notified; with no action taken to date. She stated that a vote is expected to take place at Monday night’s Council meeting. She encouraged Heritage Commission members to attend the upcoming Council meeting. She noted that people are aware of the significance of this property and feel the loss that the City has had with demolitions of other buildings such as the railroad station.

Councilor Kretovic stated that Liberty Utilities does not see the building as an asset to their organization; they offer utilities. There is no real value to Liberty Utilities; however, they do see the value to the City and would sell the building to the City. She explained that the public will need to be here for the City should the City take on such a project. She stated that with the uncertainties in the world at this time this is the worst timing; however, there is a lot of heart in the community.

Mr. Johnson stated that the Heritage Commission did write to Liberty Utilities, no response was received. Councilor Kretovic stated she knows that Liberty Utilities has heard the comments and concerns from all.

9. Old Business

a. Abbott Village

Ms. Shank stated that the developer has applied for a building permit for a full permit of the Abbott House. Damaged materials are being removed to better understand the framing and

structure of the house and interior renovations are being done. The developer is not required to submit anything to the Heritage Commission relative to the inside renovations.

A discussion was held regarding the extent of the renovations. The Commission requested the Mr. Woodfin photograph the interior and staff contact the contractor so the Commission can offer some type of guidance for the replacement of windows and doors in order to maintain the style of the house. Ms. Shank stated that she has asked Ms. Fenstermacher to look into what the Commission can do and she will look to see if the Commission has any authority at all for any action. She noted that the Demolition Committee does not have any authority until a demo permit has been applied for.

b. Demolition Delay Ordinance – Jim Spain

Ms. Shank stated that she has been informed by the Deputy City Manager that there are to be no in person meetings held at this time. Mr. Spain stated that he feels it is important that the Committee meet; however, he suggested to wait a bit longer and hopefully the Committee can meet in person soon and continue to work on this project.

Mr. Johnson asked why the Ad hoc Committee was created and how Council feels an Ad hoc Committee would be more effective than the Heritage Commission. It was his understanding that it did not include a member of the Heritage Commission.

Councilor Kretovic explained that the Mayor and City Manager created this Committee through a vote of Council. She stated that she and Heritage Commission Chair Jaques are members of the Committee in addition to Councilors.

Mr. Jaques stated that the Committee was not created to replace the Demo Review Committee. It was explained that the purpose of the Committee is to discuss different ways on how to educate the community on the City's historic buildings and to share the available resources and how to best provide this information to the public. Councilor Kretovic stated that Council has been made aware of other areas in the City that could be considered historic districts, due to the streetscape and architectural design, that are beyond the N. Main Street District. Other areas include Auburn and Merrimack Streets, the City's railroad properties, and some larger homes on Pleasant Street to name a few. She added that having the Preservation Alliance involved with the Committee is wonderful as the Alliance will be able to assist the Committee with direction regarding additional historic districts in the City.

10. Historic Photo Repository – Rich Woodfin

Mr. Woodfin was not present.

11. Monuments & Granite Markers – Jim Spain

Mr. Spain stated that he has received a few calls about markers and monuments as a result of the article in the City Manager's Newsletter. He added that he is still very interested in visiting the City's historical buildings.

12. Any other business to come before the Commission

- a.** Correspondence – None.
- b.** Attendance - Next meeting is February 4, 2021.
