## City of Concord Names New Director of Real Estate Assessments

**Concord, NH** – The City of Concord is pleased to announce that Jonathan Rice has been selected as Director of Real Estate Assessments. Susan Golden has been named Interim Director of Assessments and will lead the Department until Rice starts on October 3, 2022. Current Director Kathryn Temchack retires this month after a long tenure with the City.

Rice, who was born and raised in Concord, has many years of experience in assessing and appraising. He was most recently Chief Assessor for the City of Rochester, NH. He holds an undergraduate degree from Keene State College.

“We are happy to welcome Mr. Rice to the City of Concord as he takes over the leadership of the Department,” said City Manager Tom Aspell. “We wish Kathy Temchack all the best on her retirement, and know that she is leaving the Department in great hands.”

“I am honored to be named as Concord’s new Director of Real Estate Assessments. I look forward to assuming my position on the City’s dedicated management team, working with the hardworking department staff, and earning the trust of Concord property owners,” said Rice.
