FOR IMMEDIATE RELEASE

Concord Parks & Recreation Hiring Lifeguards for Summer

Concord, NH (April 12, 2021) - While the City of Concord Parks & Recreation Department is anxiously awaiting the official start of summer, the Department is currently hiring staff, including lifeguards. Fifteen more lifeguards are needed, so if you or someone you know is looking for an active, outdoor and flexible summer job, please apply online at www.concordnh.gov!

The deadline for hiring staff is April 27, 2021. This early deadline is due to new training procedures in place for this summer. Lifeguards will be required to complete online courses and Zoom classes, as well as in person trainings, resulting in less lead time.

If you are interested in becoming a lifeguard and are not certified, do not worry. We will train anyone hired through our partnership with Swim NH. Once someone is hired on for summer 2021, we will guide staff through the certification process at no cost to the employee.

COVID-19 related guidelines and more information about possible pool openings will be released later this spring. Concord Parks & Recreation will be asking for the community's support more than ever to adhere to new rules. This will ensure the safety of all guests and staff.

To view summer employment opportunities, visit www.concordnh.gov and click on the "Employment" button on the home page. For more information about City of Concord pools, please visit www.concordparksandrec.com or call 603-225-8690.
