

Parks & Rec Department Search for Lifeguards

CONCORD, NH (June 24, 2020) – The staff at the Concord Parks & Recreation Department have been paying close attention to the Governor’s 2.0 updates. The decision has been made to make an effort to open some of the City’s pools.

In order to make this a reality, the Parks & Recreation Department needs to hire an additional 15 certified lifeguards. Applicants must have up to date certifications (lifeguard, CPR & first aid) and be available to work July 6 – August 14.

Qualified applicants should apply online at www.concordnh.gov by midnight on Sunday, June 28, 2020.

If Parks & Recreation is successful in hiring the necessary staff, it is important for the community to keep in mind that the pool season will look quite different. Changes will include updated hours, staffing, and cleaning.

Please visit our web site, www.concordparksandrec.com, and social media sites for updates on our summer season.
