4) Membership/Rate Review:

- The committee discussed 2025 membership rates, and reviewed three potential rate options. The consensus was to not increase Senior membership rates, as they had a substantial increase last year. The group also agreed not to propose a discounted membership rate for residents. With the Senior membership rate unchanged, a motion was made and seconded to recommend Option A increases to City Council. The motion passed with a voice vote of 4-2.
- The committee discussed pricing for outings. A motion was made and seconded to recommend to City Council no change in pricing for outings in 2025. The motion passed with a unanimous voice vote.
- Phil presented the daily fees. The committee discussed making small increases to daily greens fees (with discounts for residents for 18 hole and 9 hole regular rates), cart rates, and range balls. The group discussed having one twilight rate for both weekdays and weekends. The proposed resident discount for greens fees would be last year's rates. After discussion, a motion was made and seconded to recommend the rates as presented, and to offer the annual Fall membership drive again this year. The motion passed with a unanimous voice vote.
