### Agenda Items

1. **Rolfe Park Pool:** David updated the committee that the pool is almost finished and water is in the pool. David thanked the General Services Department for all their work as they coordinated the project for the city. The new pool is zero entry. The pool house and both bathrooms have been updated as part of the project as well. David indicated there will be a re-opening ceremony a few days before the regular pool opening. The committee recommended Thursday, June 16. David indicated that day would work for the lifeguards as all the in-service training is completed. He will check with GSD to make sure this date is also good for them. David also indicated the next pool up for renovations will be Kimball Pool.
2. **Skate House Update.** HL Turner is currently working on a plan that shows a new skate house in the current location as requested at the last community meeting in 2015. David indicates he hopes to have another community meeting in late September.
3. **Skate Park Update** Councilor Bouchard and Chris Jacques are working with a small group who would like to see a new park. The group's next meeting is June 9 and everyone is welcome to join the group.
4. **Summer/Fall Brochure.** The Summer/Fall Brochure is now available and has been delivered to all schools. Time to sign up for all summer programs. David reminded the group the summer camp information has been out since February. Mary asked how sign ups are going. David indicated a little slower than past years however, has picked up since the main brochure was delivered.

Mary reminded everyone we will be meeting this July and August. No formal meeting in June as we will be at the pool re-opening.

Respectfully submitted by Parks and Recreation Director, David Gill
