

CITY OF CONCORD

New Hampshire's Capital City
General Services Department

Jeffrey K. Hoadley
 General Services Director

The City of Concord's Highway & Utilities Division of the General Services Department will begin its annual flushing of water mains. Water customers may experience low pressure and discolored water when flushing occurs in their immediate area. It is recommended that customers do not wash clothes during their scheduled flushing time. If discoloration occurs, please run tap water on cold until the water runs clear.

Hydrant flushing is scheduled to occur in the following areas for the fifth week:

Monday 5/11/26

<i>Crew 1</i>	6:30 AM – 3:00 PM	Sheep Davis Rd. (Rte. 106) from Loudon Rd. south to E.J. Prescott
