Fire		
Assessing		
Health Officer (Code Administration)		
Zoning (Code Administration)		

ORIGINAL SIGNATURES ARE REQUIRED

Demolition materials will be disposed of at:

Location Name

Address, City, State, Zip

Hazardous materials, inspections and comments:

A hazardous materials inspection must be performed and abatement, if necessary, must be completed with a report to the City of Concord prior to demolition.

The State of New Hampshire Air Resources Division **MUST BE** notified of demolition if hazardous materials are found. Contact Steve Cullinane at 271-1373

If asbestos or other similar materials of hazardous classification is to be removed, approval must be obtained from the Code Administration Department.

For all properties involving demolition – the City of Concord is expecting the property to be free of hazards and safe to the public. Fencing, barriers, and/or erosion control measures may be required as determined by the Code Administrator or his designee.

If new, properly permitted construction is not commenced within 30 calendar days after demolition, the site must be filled and graded. If new construction is not commenced within 60 days after demolition, the site must be loamed and seeded pending the start of construction.
