Board of Assessors
Municipality of Concord
41 Green Street.
Concord, NH 03301

LETTER OF TRANSMITTAL

Dear Municipal Officials:

The following report is intended to document the entire process associated with the data collection, review, analysis and reporting necessary to render a credible opinion of value(s) of all property within the City of Concord in accordance with RSA 21-J:14-b, and "Standard 6" of the Uniform Standards of Professional Appraisal Practice (USPAP, 2012-2013).

The Intended Use of this Report: is to provide a basis for the revaluation of all residential, commercial, and industrial real property in the City of Concord, N.H. as required by the In-House Work Plan. A copy of this work plan is contained in Appendix "A".

The Intended Client of This Report: the Board of Assessors and the assessing employees of the City of Concord, N.H.

Other Users of This Report: include the general public, property owners, municipal officials, the Assessing Standards Board (ASB), and the Department of Revenue Administration (DRA).

The Date of Value Utilized in this Report: is April 1, 2012, as required by RSA 74:1 and RSA 76:2.

Type and Definition of Value Utilized in this Report: The type of value expressed in this report is "market" value, and is defined in RSA 75:1 as: "the property's full and true value as the same would be appraised in payment of a just debt due from a solvent debtor".

An expanded definition of "Market Value" as defined within the NH Department of Revenue, Property Appraisal Division's "600 Rules", establishes the market value of a property must meet the following criteria:

- (a) Is the most probable price, not the highest, lowest or average price;
- (b) Is expressed in terms of money;
- (c) Implies a reasonable time for exposure to the market;
- (d) Implies that both buyer and seller are informed of the uses to which the property may be put;
- (e) Assumes an arm's length transaction in the open market;
- (f) Assumes a willing buyer and a willing seller, with no advantage being taken by either buyer or seller; and
- (g) Recognizes both the present use and the potential use of the property. (NH Department of Revenue, Property Appraisal Division, "600 Rules"; Rev 601.14.)

Identification of the Property Rights Assessed in this Report: The type of property rights is "fee simple". Fee Simple Estate is defined as:

"Absolute ownership unencumbered by any other interest or estate; subject only to the limitations imposed by the government powers of taxation, eminent domain, police power, and escheat (the right of government to take title to property when there are no apparent heirs)." ²
(The Dictionary of Real Estate Appraisal, Third Edition, 1993, Page 140.)

Extent of Property Inspections: As required by the City's in-house work plan, properties throughout the City of Concord are continuously inspected as a result of on-going neighborhood inspections, building permits, abatement applications, owner's requests, and sale qualifications. These inspections generally involve complete inspections of both the interiors and exteriors conducted in the presence of the property owner or the property owner's representative. Exterior and interior inspections would not occur if the property owner did not respond to requests for inspection such as a letter or a door card knocker or refused to allow an inspection.

If No Physical Inspections, An Explanation For This Decision: Not applicable. See above.

The undersigned certifies that, to the best of my knowledge and belief:
