

**AUTHORIZED HOUSE MANAGERS  
AT THE CONCORD CITY AUDITORIUM**

Auditorium House Managers are independent contractors. Presenting groups should contact House Managers directly, setting the terms of their show's contracts.

Auditorium House Managers must complete the City's certification requirements, including

- 1) attendance at a House Management Workshop conducted by the Friends of the Audi.
- 2) shadowing a House Manager at two Auditorium shows.
- 3) complete crowd control training online.

The three-hour Workshops are held annually in September prior to the opening of the new Audi season. Workshops are free and open to all interested persons at least 21 years of age. After the Training session, the trainee must make his/her own arrangements to shadow two shows.

Willing to Serve as House Manager for All Audi Presenters:
