WELCOMES YOU

AUGUST 14-15-16-17-18-19-20-21, 1965

Concord, N. H.

Celebrating the 200th Anniversary
of the granting of the charter to the
City of Concord.

*T*o our ancestors who left us so rich a heritage,
do we dedicate our Bicentennial, in the hope that we may
do as much as they for our city and state.
Carl Sandburg once remarked, "A Nation which has no regard
for its past, will have little future worth remembering."
As we honor the past may we salute the future
— a future of ever increasing community progress and growth.

CHARLES C. DAVIE
MAYOR

City of Concord New Hampshire

The City of Concord, New Hampshire is happy to welcome everyone to the Capital of the Granite State. This observance of the 200th Anniversary of the granting of a charter to the City of Concord reflects the pride of everyone in this area.

Concord is blessed with most of the advantages of metropolitan areas, but still retains the charm and wholesomeness of small town atmosphere. Concord boasts of an excellent school system, modern municipal facilities, plentiful shopping areas, large and small industry, many denominations of churches, an excellent hospital, and more than a score of active service clubs. Sports and recreational facilities abound in the area.

As Mayor of the city my first interest is that your stay in Concord is a pleasant one. Whether you are returning for a visit to the "old home town" or whether this is your very first visit we hope your stay will be enjoyable. We are pleased to have you as our guests.

We are proud of our years of progress and growth. From the scalping of the Indians by Hannah Dustin to the present day the spirit of adventure and rugged determination is characteristic. This is clearly shown by local citizens in their many long hours of preparation for this celebration.

We welcome you --- and hope that you will return again soon.

Sincerely,

Charles C. Davie

July 17, 1965

Greetings:

By reliving the past through the eyes of our Bicentennial Celebration, we have restored our faith in the future. Though this celebration was a lot of fun and work, we can be proud of our heritage and can be ever mindful of the responsibilities with which we are charged to plan and work for a greater Concord.

The cooperation of the citizens of Concord and its surrounding area has been heartwarming and without their help and dedication to the success of the Bicentennial Celebration, it would have been just another uneventful day in our lives. This Celebration will forever live in our memories as we have created a milestone for future generations.

I would like to extend my personal thanks to the many committee chairmen and their staff and to the Rogers Company who guided and helped plan this celebration. Professional guidance is a requisite for such an undertaking and I am satisfied we have had the best.

I trust that everyone who has taken part in our Bicentennial Celebration and all those who have revisited with us and the hundreds who have visited with us for the first time will be joyful with us for this opportunity to join in such close fellowship. We look forward to another Two-Hundred Years of Progress and Growth, and a Feeling of Closeness among all our Citizens. And may the Most we hope for be the Least we get.

COMMEMORATING TWO HUNDRED YEARS OF PROGRESS

1965

*Where the Bicentennial Queen
will stay as the First Prize*

THEY'RE A LAZY LOT.....
[Our Guests, that is] at
HORIZONS in
BERMUDA

They just like to sit in the Gardens or by the Pool or on the Pink Coral Sand and dream their cares away. At frequent intervals, of course, they somehow manage to consume great quantities of our gourmet cuisine—and sometimes they even bestir themselves to play a set of Tennis or sharpen up their putting or have a round or two on our 9-hole "Mashie" course or take a dip in that pink coral beach we were talking about—but all this is easy for lazy people to do, because they never have to leave our property to do it!

So come on down and be lazy,

Yes, we said L A Z - Z - z - z

(when you've finished your nap, amble out to your travel agent)
