

# POOL FILLING

	With meter rental	From your faucet
<b>ROUND</b>		
20 X 4 12CCF	\$98.00 + \$31.32 = \$129.32	\$31.32W + \$65.04S = \$96.36
24 X 4 18CCF	\$98.00 + \$46.98 = \$144.98	\$46.98W + \$97.56 S = \$144.54
37 X 4 43CCF	\$98.00 + \$112.23 = 210.23	\$112.23W + \$233.06S = \$345.29
<b>RECTANGULAR</b>		
12 X 20 X 5 12CCF	\$98.00 + \$31.32 = \$129.32	\$31.32W + \$65.04S = \$96.36
16 X 20 X 5 16CCF	\$98.00 + \$41.76 = \$139.76	\$41.76W + \$86.72S = \$128.48
16 X 32 X 6 30CCF	\$98.00 + \$78.30 = \$176.30	\$78.30W + \$162.60S = \$240.90
18 X 36 X 7 45CCF	\$98.00 + \$117.45 = \$215.45	\$117.45W + \$243.90S = \$361.35
0 20X40 X 7 56CCF	\$98.00 + \$146.16 = \$244.16	\$146.16W + 303.52S = \$449.68

## For Use of a temporary meter:

Before considering a rental, the location of the hydrant being accessed in relation to the pool must be approved. Meters are typically delivered early in the AM and retrieved no later than 3:00 PM same day so that the hydrant can be restored to service.

The department requires 2 business days notice to prepare the meter. A deposit of \$235.00 along with a completed rental agreement is needed before the meter is released. The cost of the rental is \$98.00 and when the meter is returned, a refund of the difference between your deposit and the consumption plus the meter rental will be sent to you. You must also supply your own fire hose.

### Current rates:

Water \$2.61/1ccf  
Sewer \$5.42/1ccf

1 CCF (hundred cubic feet) = 748 gallons
